Danielle,

Thank you so much for the quick response. Very much appreciate all you help.

Pam

Hi Pam,

I will have the exposure report sent to you within the next day or two.

Best regards,

Danielle Hoffer

Hi Danielle,

I hope this note finds you well.

I am continuing to review the information from the two reports you sent me but there appears to be a third report that would be useful for me to be able to review. It is report for the General Population Exposure **dated 03-04-2020**. Is it possible to also get a copy of that report?

I am hoping to be able to request a second call with you and Todd once I have completed my review and received all of the proper input from our project team.

Thank you so much for the help.

Best regards,

Pam
